Lice Removal Experts

healthyheadsne@yahoo.com 402-580-7409

Hello!

We would like to take this opportunity to introduce ourselves and to make you aware of our services as local Lice Removal Experts, we would be pleased to offer our services to children and families within your school.

Healthy Heads was established in 2014 with one mission, to eliminate lice and nits safely and effectively. We understand while we are providing the highest level of professional service, our technicians must also be sensitive to each client's individual situation and needs.

We offer professional services by technicians who are trained extensively to expertly extract lice and nits. We maintain the strictest levels of privacy and integrity. All technicians are trained and certified in the removal of lice and nits, which includes strand-by-strand examination. What sets us apart from our competition is integrity, confidentiality, exceptional service and our lice free guarantee.

We are proud to serve the Lincoln community and committed to keeping Lincoln's families lice-free. Unlike other companies we offer flat fee pricing so everyone is aware of the cost prior to treatment.

We have provided you with a couple brochures as well as several business cards. We hope you share these with families who may be in need of lice removal services. Please contact us should you run out or should you want to distribute them on a larger scale (by classroom) so as not to single out a particular family.

If you have any questions, or if we may be of service to you, please do not hesitate to contact us.

Yours truly,

Healthy Heads LLC  
Professional Head Lice Removal

In-Home Confidential Treatment

30 Day Guarantee

Serving Lincoln and the surrounding area.

Healthy Heads was established with one mission, to eliminate lice and nits safely and effectively from your family's hair. We offer professional services by technicians who are trained extensively to be experts. We maintain the strictest levels of privacy and integrity. What sets us apart from our competition is both the exceptional service and our guarantee to be lice free. We understand that while we are providing the highest level of professional service, our technicians must also be sensitive to each clients' individual situation and needs. We are proud to serve the Lincoln community and are committed to keeping Lincoln's families lice-free.

Our chemical free treatment facility is in a private and discrete

location. Treatment options will always be performed by a trained technician. Once evidence of head lice has been found during the head check, the treatment process begins.

Our 4-step treatment process ensures that you leave lice and nit free. Using only organic, FDA approved shampoos and combing solutions ensures an effective, safe treatment!

## Our Process and Products

### Step 1

#### Application of Treatment Shampoo

We remove all adult lice using all natural and organic products

### Step 2

#### Extensive Combing With a Nit Comb

We comb through each hair strand and remove bugs and nits

### Step 3

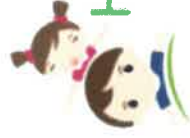

#### Strand by Strand Elimination

We then us a methodical approach to check for nits or any remaining evidence of head lice (Looking at each individual strand)

### Step 4

#### Final Head Check

One last check to ensure all nits have been removed
